A Conference for The North West of England

How has The North West fared in the distribution of Lottery cash?

With just over 11% of the population of the UK, the North West received 11% of funding, over **£800 million** between 1995 and 2000

There has been increasing focus on tackling social exclusion and regenerating areas of urban and rural deprivation in Britain, and Manchester is taking the lead in setting up a Local Strategic Partnership to regenerate and improve services in the area.

Lottery Monitor's inaugural Regional Conference for The North West will be a unique opportunity to question the Lottery Boards, Government Office, Regional Development Agency on how funding can bring added benefit to the North West. A series of smaller and more informal seminar sessions will enable delegates to exchange best practice ideas and to be inspired by local projects that got it right.

Staff from distributing bodies will be on hand with the latest information about their programmes including: Community Fund Awards, New Opportunities funding and North West Arts funding.

The Regional Conference for The North West will also be the ideal occasion to **Network** with colleagues and speakers, and enjoy the added benefits of '**Lottery Surgeries**' with our speakers, and '**One-to-One**' meetings with other delegates.

This is one event you cannot afford to miss.
